One Hundred First Legislature, First Session
LB 306

January 29, 2009

Senator Ashford and Members of the Committee:

The League of Women Voters of the United States and the League of Women Voters of Nebraska support abolition of the death penalty. So long as government sanctions the ritualistic killing of a helpless human being, individuals will follow that lead.

The League supports LB 306 which abolishes the death penalty in Nebraska and replaces it with a sentence of life in prison without possibility of parole. We urge the committee to advance this important piece of legislation to the floor for full debate.

League of Women Voters of Nebraska
